

22.1002-5 Executive Orders 13658 and 14026.

Executive Order (E.O.) 13658 established minimum wages for certain workers at \$10.10 per hour. The E.O. 13658 rate has increased each year since 2015, rising to \$11.25 on January 1, 2022. As of January 30, 2022, E.O. 13658 is superseded by E.O. 14026 to the extent that it is inconsistent with E.O. 14026; the minimum wage rate for certain workers is increased to \$15.00 per hour. The wage rate is subject to annual increases by an amount determined by the Secretary of Labor. See [subpart 22.19](#). The clause at [52.222-55](#), Minimum Wages for *Contractor* Workers under Executive Order 14026, requires the E.O. 14026 minimum wage rate to be paid if it is higher than other minimum wage rates, such as the [subpart 22.10](#) statutory *wage determination* amount.
