44.305-3 Withholding or withdrawing approval.

- (a) The ACO *shall* withhold or withdraw approval of a contractor's purchasing system when there are major weaknesses or when the contractor is unable to provide sufficient information upon which to make an affirmative determination. The ACO *may* withdraw approval at any time on the basis of a determination that there has been a deterioration of the contractor's purchasing system or to protect the Government's interest. Approval *shall* be withheld or withdrawn when there is a recurring noncompliance with requirements, including but not limited to-
- (1) Certified cost or pricing data (see <u>15.403</u>);
- (2) Implementation of cost accounting standards (see 48 CFR chapter 99);
- (3) Advance notification as required by the clauses prescribed in 44.204; or
- (4) Small business subcontracting (see <u>subpart 19.7</u>).
- (b) When approval of the contractor's purchasing system is withheld or withdrawn, the ACO *shall* within 10 days after completing the in-plant review (1) inform the contractor *in writing*, (2) specify the deficiencies that *must* be corrected to qualify the system for approval, and (3) request the contractor to furnish within 15 days a plan for accomplishing the necessary actions. If the plan is accepted, the ACO *shall* make a follow-up review as soon as the contractor notifies the ACO that the deficiencies have been corrected.
