46.401 General.

- (a) Government contract quality assurance *shall* be performed at such times (including any stage of manufacture or performance of services) and places (including subcontractors' plants) as *may* be necessary to determine that the *supplies* or services conform to contract requirements. Quality assurance surveillance plans *should* be prepared in conjunction with the preparation of the statement of work. The plans *should* specify-
- (1) All work requiring surveillance; and
- (2) The method of surveillance.
- (b) Each contract *shall* designate the place or places where the Government reserves the right to perform quality assurance.
- (c) If the contract provides for performance of Government quality assurance at source, the place or places of performance *may* not be changed without the authorization of the *contracting officer*.
- (d) If a contract provides for delivery and acceptance at destination and the Government inspects the *supplies* at a place other than destination, the *supplies shall* not ordinarily be reinspected at destination, but *should* be examined for quantity, damage in transit, and possible substitution or fraud.
- (e) Government *inspection shall* be performed by or under the direction or supervision of Government personnel.
- (f) Government *inspection shall* be documented on an *inspection* or *receiving report* form or commercial shipping document/packing list, under agency procedures (see <u>subpart 46.6</u>).
- (g) Agencies *may* prescribe the use of *inspection* approval or disapproval stamps to identify and control *supplies* and material that have been inspected for conformance with contract quality requirements.
