47.302 Place of delivery-f.o.b. point.

- (a) The policies and procedures in 47.304-1, -2, and -3 govern the transportation of *supplies* from sources in the *Contiguous United States* (CONUS), except when identifiable costs, nature of the *supplies* (security, safety, or value), delivery requirements (premium modes of transport, escorts, transit arrangements, and tentative conditions), or other advantages, limitations, or requirements dictate otherwise. The policies and procedures in 47.304-4 govern the transportation of *supplies* from sources outside CONUS.
- (b) Generally, the *contracting officer shall* solicit *offers*, and award contracts, with delivery terms on the basis prescribed in 47.304. The *contracting officer shall* document the contract file (see 4.801) with justifications for *solicitations* that do not specify delivery on the basis prescribed in 47.304.

(c)

- (1) The place of performance of Government *acquisition* quality assurance actions and the place of acceptance *shall* not control the delivery term, except that if acceptance is at destination, transportation *shall* be f.o.b. destination (see <u>47.304-1(f)</u>).
- (2) The fact that transportation is f.o.b. destination does not alone necessitate changing the place of acceptance from origin to destination; and the fact that acceptance is at origin does not necessitate an f.o.b. origin delivery term. Providing for *inspection* and acceptance at origin (if appropriate under 46.402), in conjunction with an f.o.b. destination term, *may* be advantageous to both the Government and the contractor. Acceptance of title at origin by the Government permits payment of the contractor, provided the *invoice* is supported either by a copy of the signed commercial *bill of lading* (indicating the *carrier*'s receipt of the *supplies* covered by the *invoice* for transportation to the particular destination specified in the contract) or by other appropriate evidence of *shipment* to the particular destination for the contractor's account.
