(2) Title vests in the Government for all *property* acquired or fabricated by the Contractor in accordance with the financing provisions or other specific requirements for passage of title in the contract. (A) *Government-furnished property.* The Contractor *shall* furnish a written statement to the *Property Administrator* containing all relevant facts, such as cause or condition and a recommended course(s) of action, if overages, shortages, or damages and/or other *discrepancies* are discovered upon receipt

of *Government-furnished property*.

(10) Date placed in service (if required in accordance with the terms and conditions of the contract).

(B) *Use of a Receipt and Issue System for Government Material*. When approved by the *Property Administrator*, the Contractor *may* maintain, in lieu of formal *property records*, a file of appropriately cross-referenced documents evidencing receipt, issue, and use of *material* that is issued for immediate consumption.

(iv) *Physical inventory*. The Contractor *shall* periodically perform, record, and disclose physical inventory results. A final physical inventory *shall* be performed upon contract completion or termination. The *Property Administrator* *may* waive this final inventory requirement, depending on the circumstances (*e.g.*, overall reliability of the Contractor's system or the *property* is to be transferred to a follow-on contract).

(v) *Subcontractor control*.

(A) The Contractor *shall* award subcontracts that clearly identify items to be provided and the extent of any restrictions or limitations on their use. The Contractor *shall* ensure appropriate flow down of contract terms and conditions (*e.g.*, extent of liability for *loss of Government property*).

(B) The Contractor *shall* assure its subcontracts are properly administered and reviews are periodically performed to determine the adequacy of the subcontractor's *property* management system.

(vi) *Reports*. The Contractor *shall* have a process to create and *provide* reports of discrepancies, *loss of Government property*, physical inventory results, audits and self-assessments, corrective actions, and other *property*-related reports as directed by the *Contracting Officer*.

(vii) *Relief of stewardship responsibility and liability*. The Contractor *shall* have a process to enable the prompt recognition, investigation, disclosure and reporting of *loss of Government property*, including losses that occur at subcontractor or *alternate* site locations.

(A) This process *shall* include the corrective actions necessary to prevent recurrence.

(B) Unless otherwise directed by the *Property Administrator*, the Contractor *shall* investigate and report to the Government all incidents of *property* loss as soon as the facts become known. Such reports *shall*, at a minimum, contain the following information:

(10) Copies of all supporting documentation.

(11) Last known location.

(12) A statement that the *property* did or did not contain sensitive, export controlled, hazardous, or toxic *material*, and that the appropriate agencies and authorities were notified.

(C) Unless the contract *provides* otherwise, the Contractor *shall* be relieved of stewardship responsibility and liability for *property* when-

(1) Such *property* is consumed or expended, reasonably and properly, or otherwise accounted for, in the performance of the contract, including reasonable inventory adjustments of *material* as determined by the *Property Administrator*;

(2) *Property Administrator* grants relief of responsibility and liability for *loss of Government property*;

(3) *Property* is delivered or shipped from the Contractor's plant, under Government instructions, except when *shipment* is to a subcontractor or other location of the Contractor; or

(4) *Property* is disposed of in accordance with paragraphs (j) and (k) of this clause.

(viii) *Utilizing Government property.*

(A) The Contractor *shall* utilize, consume, move, and store *Government Property* only as authorized under this contract. The Contractor *shall* promptly disclose and report *Government property* in its possession that is excess to contract performance.

(B) Unless otherwise authorized in this contract or by the *Property Administrator* the Contractor *shall* not commingle *Government material* with *material* not owned by the Government.

(ix) *Maintenance.* The Contractor *shall* properly maintain *Government property*. The Contractor's maintenance program *shall* enable the identification, disclosure, and performance of normal and routine preventative maintenance and repair. The Contractor *shall* disclose and report to the *Property Administrator* the need for replacement and/or capital rehabilitation.

(x) *Property closeout.* The Contractor *shall* promptly perform and report to the *Property Administrator* contract *property* closeout, to include reporting, investigating and securing closure of all *loss of Government property* cases; physically inventorying all *property* upon termination or completion of this contract; and disposing of items at the time they are determined to be excess to contractual needs.

(2) The Contractor *shall* establish and maintain Government accounting source data, as *may* be required by this contract, particularly in the areas of recognition of *acquisitions*, *loss of Government property*, and disposition of *material* and *equipment*.

(g) *Systems analysis.*

(1) The Government *shall* have access to the Contractor's premises and all *Government property*, at reasonable times, for the purposes of reviewing, inspecting and evaluating the Contractor's *property* management plan(s), systems, procedures, records, and supporting documentation that pertains to *Government property*. This access includes all site locations and, with the Contractor's consent, all subcontractor premises.

(2) Records of *Government property* *shall* be readily available to authorized Government personnel and *shall* be appropriately safeguarded.

(3) *Should* it be determined by the Government that the Contractor's (or subcontractor's) *property* management practices are inadequate or not acceptable for the effective management and control of *Government property* under this contract, or present an undue risk to the Government, the Contractor *shall* prepare a corrective action plan when requested by the *Property Administrator* and take all necessary corrective actions as specified by the schedule within the corrective action plan.

(h) *Contractor Liability for Government Property.*

(1) Unless otherwise provided for in the contract, the Contractor *shall* not be liable for *loss of Government property* furnished or acquired under this contract, except when any one of the

following applies-

(i) The risk is covered by *insurance* or the Contractor is otherwise reimbursed (to the extent of such *insurance* or reimbursement). The allowability of *insurance* costs shall be determined in accordance with 31.205-19.

(ii) *Loss of Government property* that is the result of willful misconduct or lack of good faith on the part of the *Contractor's managerial personnel*.

(iii) The *Contracting Officer* has, *in writing*, revoked the Government's assumption of risk for *loss of Government property* due to a determination under paragraph (g) of this clause that the Contractor's *property* management practices are inadequate, and/or present an undue risk to the Government, and the Contractor failed to take timely corrective action. If the Contractor can establish by clear and convincing evidence that the *loss of Government property* occurred while the Contractor had adequate *property* management practices or the loss did not result from the Contractor's failure to maintain adequate *property* management practices, the Contractor shall not be held liable.

(2) The Contractor shall take all reasonable actions necessary to protect the *property* from further loss. The Contractor shall separate the damaged and undamaged *property*, place all the affected *property* in the best possible order, and take such other action as the *Property Administrator* directs.

(3) The Contractor shall do nothing to prejudice the Government's rights to recover against third parties for any *loss of Government property*.

(4) The Contractor shall reimburse the Government for *loss of Government property*, to the extent that the Contractor is financially liable for such loss, as directed by the *Contracting Officer*.

(5) Upon the request of the *Contracting Officer*, the Contractor shall, at the Government's expense, furnish to the Government all reasonable assistance and cooperation, including the prosecution of suit and the execution of instruments of assignment in favor of the Government in obtaining recovery.

(i) *Equitable adjustment*. Equitable adjustments under this clause shall be made in accordance with the procedures of the Changes clause. However, the Government shall not be liable for breach of contract for the following:

(1) Any delay in delivery of *Government-furnished property*.

(2) Delivery of *Government-furnished property* in a condition not suitable for its intended use.

(3) An increase, decrease, or substitution of *Government-furnished property*.

(4) Failure to repair or replace *Government property* for which the Government is responsible.

(j) *Contractor inventory disposal*. Except as otherwise provided for in this contract, the Contractor shall not dispose of *Contractor inventory* until authorized to do so by the *Plant Clearance Officer* or authorizing official.

(1) Predisposal requirements.

(i) If the Contractor determines that the *property* has the potential to fulfill requirements under

other contracts, the Contractor, in consultation with the *Property Administrator*, shall request that the *Contracting Officer* transfer the *property* to the contract in question, or *provide* authorization for use, as appropriate. In lieu of transferring the *property*, the *Contracting Officer* may authorize the Contractor to credit the costs of *Contractor-acquired property (material only)* to the losing contract, and debit the gaining contract with the corresponding cost, when such *material* is needed for use on another contract. *Property* no longer needed shall be considered *contractor inventory*.

(ii) For any remaining *Contractor-acquired property*, the Contractor may purchase the *property* at the *unit acquisition cost* if desired or make reasonable efforts to return unused *property* to the appropriate supplier at fair market value (less, if applicable, a reasonable restocking fee that is consistent with the supplier's customary practices.)

(2) *Inventory disposal schedules.*

(i) Absent separate contract terms and conditions for *property* disposition, and provided the *property* was not reutilized, transferred, or otherwise disposed of, the Contractor, as directed by the *Plant Clearance Officer* or authorizing official, shall use Standard Form 1428, Inventory Disposal Schedule or electronic equivalent, to identify and report-

(A) *Government-furnished property* that is no longer required for performance of this contract;

(B) *Contractor-acquired property*, to which the Government has obtained title under paragraph (e) of this clause, which is no longer required for performance of that contract; and

(C) *Termination inventory.*

(ii) The Contractor may annotate inventory disposal schedules to identify *property* the Contractor wishes to purchase from the Government, in the event that the *property* is offered for sale.

(iii) Separate inventory disposal schedules are required for aircraft in any condition, flight safety critical aircraft parts, and other items as directed by the *Plant Clearance Officer*.

(iv) The Contractor shall provide the information required by FAR 52.245-1(f)(1)(iii) along with the following:

(A) Any additional information that may facilitate understanding of the *property's* intended use.

(B) For work-in-progress, the estimated percentage of completion.

(C) For *precious metals* in raw or bulk form, the type of metal and estimated weight.

(D) For hazardous *material* or *property* contaminated with hazardous *material*, the type of hazardous *material*.

(E) For metals in mill product form, the form, shape, treatment, hardness, temper, specification (commercial or Government) and dimensions (thickness, width and length).

(v) *Property* with the same description, condition code, and reporting location may be grouped in a single *line item*.

(vi) *Scrap* should be reported by "lot" along with metal content, estimated weight and estimated

value.

(3) *Submission requirements.*

(i) The Contractor *shall* submit inventory disposal schedules to the *Plant Clearance Officer* no later than-

(A) 30 days following the Contractor's determination that a *property* item is no longer required for performance of this contract;

(B) 60 days, or such longer period as *may* be approved by the *Plant Clearance Officer*, following completion of contract deliveries or performance; or

(C) 120 days, or such longer period as *may* be approved by the *Termination Contracting Officer*, following contract termination in whole or in part.

(ii) Unless the *Plant Clearance Officer* determines otherwise, the Contractor need not identify or report *production scrap* on inventory disposal schedules, and *may* process and dispose of *production scrap* in accordance with its own internal *scrap* procedures. The processing and disposal of other types of Government-owned *scrap* will be conducted in accordance with the terms and conditions of the contract or *Plant Clearance Officer* direction, as appropriate.

(4) *Corrections.* The *Plant Clearance Officer* *may*-

(i) Reject a schedule for cause (*e.g.*, contains errors, determined to be inaccurate); and

(ii) Require the Contractor to correct an inventory disposal schedule.

(5) *Postsubmission adjustments.* The Contractor *shall* notify the *Plant Clearance Officer* at least 10 working days in advance of its intent to remove an item from an approved inventory disposal schedule. Upon approval of the *Plant Clearance Officer*, or upon expiration of the notice period, the Contractor *may* make the necessary adjustments to the inventory schedule.

(6) *Storage.*

(i) The Contractor *shall* store the *property* identified on an inventory disposal schedule pending receipt of disposal instructions. The Government's failure to furnish disposal instructions within 120 days following acceptance of an inventory disposal schedule *may* entitle the Contractor to an equitable adjustment for costs incurred to store such *property* on or after the 121st day.

(ii) The Contractor *shall* obtain the *Plant Clearance Officer's* approval to remove *property* from the premises where the *property* is currently located prior to receipt of final disposition instructions. If approval is granted, any costs incurred by the Contractor to transport or store the *property* *shall* not increase the price or fee of any Government contract. The storage area *shall* be appropriate for assuring the *property's* physical safety and suitability for use. Approval does not relieve the Contractor of any liability for such *property* under this contract.

(7) *Disposition instructions.*

(i) The Contractor *shall* prepare for *shipment*, deliver f.o.b. origin, or dispose of *Contractor inventory* as directed by the *Plant Clearance Officer*. Unless otherwise directed by the *Contracting Officer* or

by the *Plant Clearance Officer*, the Contractor *shall* remove and destroy any markings identifying the *property* as U.S. Government-owned *property* prior to its disposal.

(ii) The *Contracting Officer* may require the Contractor to demilitarize the *property* prior to *shipment* or disposal. In such cases, the Contractor *may* be entitled to an equitable adjustment under paragraph (i) of this clause.

(8) *Disposal proceeds*. As directed by the *Contracting Officer*, the Contractor *shall* credit the net proceeds from the disposal of *Contractor inventory* to the contract, or to the Treasury of the *United States* as miscellaneous receipts.

(9) *Subcontractor inventory disposal schedules*. The Contractor *shall* require its Subcontractors to submit inventory disposal schedules to the Contractor in accordance with the requirements of paragraph (j)(3) of this clause.

(k) *Abandonment of Government property*.

(1) The Government *shall* not abandon *sensitive property* or *termination inventory* without the Contractor's written consent.

(2) The Government, upon notice to the Contractor, *may* abandon any nonsensitive *property* in place, at which time all obligations of the Government regarding such *property shall* cease.

(3) Absent contract terms and conditions to the contrary, the Government *may* abandon parts removed and replaced from *property* as a result of normal maintenance actions, or removed from *property* as a result of the repair, maintenance, overhaul, or modification process.

(4) The Government has no obligation to restore or rehabilitate the Contractor's premises under any circumstances; however, if *Government-furnished property* is withdrawn or is unsuitable for the intended use, or if other *Government property* is substituted, then the equitable adjustment under paragraph (i) of this clause *may* properly include restoration or rehabilitation costs.

(l) *Communication*. All communications under this clause *shall* be *in writing*.

(m) *Contracts outside the United States*. If this contract is to be performed outside of the *United States* and its *outlying areas*, the words "Government" and "Government-furnished" (wherever they appear in this clause) *shall* be construed as "*United States Government*" and "*United States Government-furnished*," respectively.

(End of clause)

Alternate I (Apr 2012). As prescribed in [45.107](#) (a)(2), substitute the following for paragraph (h)(1) of the basic clause:

(h)(1) The Contractor assumes the risk of, and *shall* be responsible for, any *loss of Government property* upon its delivery to the Contractor as *Government-furnished property*. However, the Contractor is not responsible for reasonable wear and tear to *Government property* or for *Government property* properly consumed in performing this contract.

Alternate II (Apr 2012). As prescribed in [45.107](#) (a)(3), substitute the following for paragraph (e)(3) of the basic clause:

(e)(3) Title to *property* (and other tangible *personal property*) purchased with funds available for research and having a *unit acquisition cost* of less than \$5,000 *shall* vest in the Contractor upon *acquisition* or as soon thereafter as feasible; provided that the Contractor obtained the *Contracting Officer's* approval before each *acquisition*. Title to *property* purchased with funds available for research and having a *unit acquisition cost* of \$5,000 or more *shall* vest as set forth in this contract. If title to *property* vests in the Contractor under this paragraph, the Contractor agrees that no costs *shall* be allowed for any *depreciation*, amortization, or use under any existing or future Government contract or subcontract thereunder. The Contractor *shall* furnish the *Contracting Officer* a list of all *property* to which title is vested in the Contractor under this paragraph within 10 days following the end of the calendar quarter during which it was received. Vesting title under this paragraph is subject to civil rights legislation, 42 U.S.C. 2000d. Before title is vested and by signing this contract, the Contractor accepts and agrees that-

"No person in the *United States* or its *outlying areas shall*, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this contemplated financial assistance (title to *property*)."
