## 9.306 Solicitation requirements.

Solicitations containing a testing and approval requirement shall-

(a) Provide, in the circumstance where the contractor is to be responsible for the *first article approval* testing-

(1) The performance or other characteristics that the *first article must* meet for *approval;* 

(2) The detailed technical requirements for the tests that *must* be performed for *approval*; and

(3) The necessary data that *must* be submitted to the Government in the *first article approval* test report;

(1) The performance or other characteristics that the *first article must* meet for *approval*; and

(2) The tests to which the *first article* will be subjected for *approval*;

(c) Inform *offerors* that the requirement *may* be waived when *supplies* identical or similar to those called for have previously been delivered by the *offeror* and accepted by the Government (see 52.209-3(h) and 52.209-4(i));

(d) Permit the submission of alternative *offers*, one including testing and *approval* and the other excluding testing and *approval* (if eligible under paragraph (c) of this section);

(e) State clearly the *first article*'s relationship to the contract quantity (see paragraph (e) of the clause at <u>52.209-3</u>, *First Article Approval*-Contractor Testing, or <u>52.209-4</u>, *First Article Approval*-Government Testing);

In the latter case, any resulting difference in delivery schedules *shall* not be a factor in evaluation for award. The clause at <u>52.209-4</u>, *First Article Approval*-Government Testing, *shall* contain the delivery schedule for the *first article*;

(g) Provide for the submission of contract numbers, if any, to document the *offeror*'s eligibility under paragraph (c) of this section;

(h) State whether the approved *first article* will serve as a manufacturing standard;

(i) Include, when the Government is responsible for *first article testing*, the Government's estimated testing costs as a factor for use in evaluating *offers* (when appropriate); and

(j) Inform *offerors* that the prices for *first articles* and *first article* tests in relation to production quantities *shall* not be materially unbalanced (see 15.404-1(g)) if *first article* test items or tests are to be separately priced.
